moody electronica - from sonic apocalypse to sensuous ambient electronica, This is a journey through mood as sound with vocals that caress and music that blends when electronic meets analogue in a panoramic texture of instruments and samples. 14 MP3 Songs ELECTRONIC: Down Tempo, ELECTRONIC: Trip Hop Details: Hi there! my name is Jayme Capurso, I am the producer and primary musician/composer and graphic designer. Tenille Ashton is the singer that I worked with for this album over about 2 years with cameos from Cooperblack, Dj Tr!p, Aaron Kemp and Simon Peter Hopkins. I have done some music and video editing for film and am looking to move towards this direction in the future. Projects include the short film 'Broken' entered to Tropfest. Video clips 'Turkish Coffee' 'Neuro transmitter' played at the Mercury cinema for 'cinemamachine' and 'Moving image'. We have released 2 Ep's previously under the name's 'Tripwired' and 'shimmertek' and then decided to bring it under my solo project name. YOU CAN BUY INDIVIDUAL TRACKS AT :
