Real Hip-Hop Without The Soda On The Side. 16 MP3 Songs HIP HOP/RAP: East Coast, HIP HOP/RAP: Hip Hop Details: The 49ers, comprising of Jas Mace and Marchitect and hailing out of Newark, Delaware, are not two wanna-be football stars from San Francisco. These two Hip-Hop entrepreneurs have been blowing up clubs and venues across the country since 1995 when they were the focal members of the Hip-Hop conglomerate The Outfit. The Outfit's first release, *The Soundtrack to Life*, had national distribution and received positive reviews from radio D.J.s and critics across the country. Their first 12 release was titled *Beauty of the Week* and remained on the college rap radio charts for over 12 weeks. Due to a string of unfortunate events, The Outfit has since dismantled but The 49ers have continued recording throughout the years working on various solo and group projects. The 49ers are currently wrapping up their first major release titled *Equilibrium*. Hip-Hop music is currently in a state of emergency and The 49ers have arrived to re-establish the balance. Their combination of live instrumentation, unique sampling, and mind-blowing lyrics provides a breath of fresh air to Hip-Hop fans across the world. While promoting the album, The 49ers have shared the stage and networked with many of Hip-Hop's superstars such as Puff Daddy, Mary J. Blige, Camp-lo, Jin, The Bootcamp Clique, Wu-Tang, and The Hieroglyphics. Grouchy Greg, CEO and founder of the popular website ALLHIPHOP.com, referred to The 49ers as a group that is definitely pioneering a new sound and bringing a much needed change to a genre of music that has been flooded with copy cats and imitations. Close your eyes and listen to the future of Hip-Hop!!!
