

# Mp3 The Maple Street Project - Kick Back On Maple Street

[DOWNLOAD HERE](#)

Acoustic rock, contemporary folk and progressive folk rock 13 MP3 Songs FOLK: Modern Folk, ROCK: Acoustic Details: THE MAPLE STREET PROJECT have been playing progressive acoustic music for the better part of seventeen years. But it is only fairly recently that our music has been available outside of a live performance environment. We're thrilled to present our 2nd CD, the 2006 release called "Kick Back on Maple Street". This new project is somewhat different from our first. "Attitude on the Street" featured older material - in some cases unrecorded songs dating back more than twenty years. "Kick Back on Maple Street" is all new. Well, as new as can be for a process that took two plus years to complete! "Beyond Imagined" was the first song we recorded for this release. "Running Out of August" was written after the first CD was recorded but before it was released. The rest evolved over the past few years, with "Spin Doctor" the newest. In fact, that was the last song completed before we went in to master these tracks back in July. Our music is still very much a mixture of myriad influences each member brings to the stage and recording studio. The principle voices remain Mel Green (Guitar/Vocals), George Pultz (Guitar/Vocals), Bob Littman (Mandolin/Violin/Vocals) and Eric Luskin (Bass/Vocals). Jim Mavor rounds out the group with percussion and stoic non-vocals (occasional accordion). We hope you like the new CD. We're just kickin' back, waiting on your feedback! For more information about THE MAPLE STREET PROJECT, visit our web site at [maplestreetprojectand](http://maplestreetprojectand) please feel free to sign the guest book. We're available on e-mail at [mspcontact@yahooor](mailto:mspcontact@yahooor) [maplestreet@MapleStreetProject.com](mailto:maplestreet@MapleStreetProject.com) Thanks for checking us out!
