

Mp3 You Shriek - Unreal Cities

[DOWNLOAD HERE](#)

Electronic, organic... the beatbox has a soul. This band elegantly defies classification creating a unique sound on the threshold of a new genre. 12 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: Industrial Details: Listen with your eyes closed. Herein lies the essence of a fleeting feeling, an elusive after image, the vague impression of something lost. A splendid place: the opulent innermost chambers where soul mates might share their darkest secrets without prejudice. Music echoes through the ruins of the 20th century. It guides you somewhere impossibly vast; the lush fields of discontent where only the introspective may pass. This is where imagination begets substance; this is home. Electronic, organic... the beatbox has a soul. You Shriek elegantly defies classification creating a unique sound on the threshold of a new genre. The band have just released their second full length CD, Unreal Cities. Three years in the making, it is their finest work to date. This version of the recording is packaged in a handmade cloth bound book, and each individual copy is signed and numbered. Each edition of 20 features a series of images made by the band, one unique photograph in each book. No two copies are alike.
