Take a recently married couple with a physically unprepossessing wife and a decent looking husband with unfulfilled sexual needs and a desire for domination and control, add a deviant third presence with control issues of her own to the relationship and, voila! Disaster. For the man, anyway. When the woman who had once interviewed him for a position with her company re-introduces herself into the life of

recently married Zack and his plain wife, Heather, the flattered man soon sees it as a way of getting the sexual thrills not forthcoming from his bride and is soon under the spell of the seemingly easy-going and amenable Cheryl. With a growing fixation upon the legs and feet of the hot younger woman its not long before Zack has entered into a full-blown affair and begins to consider taking more control of his desirable mistress. But then she asks him to do something for her. Something that will alter his very existence and place the young woman in charge of their relationship. WARNING: Story contains scenes of an explicit sexual nature.
