

# City Stairwell Atmos Internal Multi-storey Car Park Sfx

[DOWNLOAD HERE](#)

This sound effect is a stereo recording recorded in the stairwell of a block of flats in central London. The windows in the stairwell were open so the sound of the city is coming through and reverberating around the walls of the stairwell. Could also be used for a quiet multistorey carpark. All files on sale by Sevenleaf SFX have been recorded by professionals and as such are royalty free. Theyv are available for you to download as 16 bit 48kHz stereo wav files. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
