Pump up the volume with this scintillating selection of Killer bass hooks! Perfect for producers, this pack covers various genres of Trance including Tech, Euro, Progressive and Uplifting Trance. Bass3 Trance contains 50 MIDI bass loops ranging from 4 - 8 bars in length. Programmed to the highest level possible this collection is a must for anyone wishing to produce authentic Trance grooves. As virtually all Trance music is created on keyboards/synthesizers we felt that using MIDI as the format for this pack was essential. The sheer flexibility of MIDI loops allows you to first and foremost choose your own sound, and also change the key signature, tempo, and even the riff itself to make it unique to you! Simply import the MIDI file onto a Midi / Instrument track in your sequencer and select your synthesizer or instrument plug in of choice to play back the loop. What could be easier? The hard work has already been done! To demonstrate some of the loops in the preview track we used bass sounds from Spectrasonics Trilogy,

and from Logic Pro 9 ES2 synth and EXS24 sampler. Produced by Steve Burton exclusively for Smash Up The Studio All loops are royalty free. 50 Files MIDI Format 100 Copyright Free
