A great blend of four genres of Christian country, bluegrass, light rock and worship music that keeps listeners coming back. Many who have Courtney's CD say they play it over and over. They love the mix and wish there was more. 11 MP3 Songs COUNTRY: Modern Country, GOSPEL: Country Gospel

Details: Beginning with my senior year in high school I have been writing/co-writing songs for over thirty years. I studied classical guitar and went from there. I learned to appreciate music in this venue but also enjoyed CCR and the Stones at the same time. Like many musicians, the influence of church hymns and praise songs have played their part in shaping the music that is a part of me today. Here are eleven compilations focused on a message of worship and developing a friendship with God through His Son Jesus the Messiah. THE WEAVER is a track that has become the favorite of many. It generates a feeling of mystery but unlocks the understanding of "Why me Lord?" in our lives. This CD is composed of varied genres. From light rock to soft worship; from non-traditional bluegrass to calypso, there is something for almost everyone. Some of the best players and vocalists in Nashville combined their talents on this album. After enjoying the sweet wailing tenor sax, orchestral strings and great lead guitar, many folks have requested a second album. I do not know when that will be because this was A LOT of Work! (ha, ha, ha) My hope is for these songs to be uplifting and cause you to ponder your relationship with the One who created you in a fresh new wayENJOY!
