'Making the much-travelled road of jazz fusion sound fresh and interesting is just about as difficult a job as there is in music, but Curfew have succeeded hands down 10 MP3 Songs JAZZ: Jazz Fusion, ROCK: Instrumental Rock Details: Curfew Making the much-travelled road of jazz fusion sound fresh and interesting is just about as difficult a job as there is in music, but Curfew have succeeded hands down (Adrian Creek, Surrey Advertiser) Jazz-rock with a Weather Report sound (Jack Massarik, Evening Standard) Should clean up on the London jazz scene (Line Out magazine) Steve Marshall - "For me Hold The Front Page is everything weve been working towards, capturing the energy of Curfew live but combining this with a truly professional production job (thanks Nick!) to create an album that has real polish and some fantastically innovative arrangements yet retains the true spirit of the band, which (like so many good bands) is basically 4 people in a room creating something with a life of its own. The album cover gives the story behind each track so I wont repeat those here
