WINNER OF DR. TOY'S 100 BEST CHILDREN'S PRODUCTS FOR 2005.. Both kids and their parents will love listening to this folk-style album again and again. With beautiful songs and an angelic voice, Diane lovingly shares life lessons with her young listeners 14 MP3 Songs KIDS/FAMILY: Kid Friendly, KIDS/FAMILY: General Children's Music Details: As either an appreciator or a performer, one has the opportunity to learn an enormous amount about the world and about themselves through art. When I was a music teacher, I always tried to teach my students about more than music. Now as a mother, I have become a teacher in my own home, and I often use music to help teach my daughter. With this shift from classroom to playroom, I have emerged a songwriter. My songs are respectful of each child's intelligence and individuality. They are accessible to children while also being complete musical experiences that appeal to adults. My hope is that children and their parents will enjoy and share the songs together and talk about what they hear. Love, Diane
