Blissful textures with skronked-up basslines and slow, funky breakbeats. 4 MP3 Songs ELECTRONIC: Down Tempo, ELECTRONIC: Breakbeat/Breaks Details: About "The Entanglement EP": These four tracks are being released as a companion set to my album, "The Wave Function". These tracks are a bit harder-hitting, a bit dancier, and maybe just a bit nastier than the tracks on the album. I hope you enjoy!

About Dr. Toast: Dr. Toast is a stealthy producer of deep, abstract, hypnotic beats. His influences run the gamut from ambient to breaks to hip hop to IDM to psychill - which are layered together into lush washes of otherworldly sound, and always with a deep, thumping, head-nodding foundation. As a longtime member of the False Profit crew, he has been performing original material live on his laptop at underground parties in San Francisco since 2003, and has been known to make appearances on soundsystems from New York City to Black Rock City. When he needs a break from laptop sorcery, he can be found in clubs scratching vinyl alongside local breaks DJs. Discography: The Wave Function (2008) The Entanglement EP (2008) Oz So Late (2004) Interdimensional Laundry (2001) Crunchy (1996)
