Crashin says: "a new sound that breaks all indie genres. Each dreamy song is an intense lyrical story of love, isolation and heartache." 5 MP3 Songs ROCK: Emo, ROCK: Americana Details: Dutch Kills hails proudly from the boroughs of NYC. Originally a singer-songwriter project, Dutch Kills' self-titled 2000 release was described as "Dreamy Indie Rock songs so full and textured it's hard to believe it was created by one person." (Mark Murmann of Fracture Magazine and Listen.com) On their latest, "Scale 300 Feet to the Inch," the sequencers have been replaced by 4 new members, for a big-little sound that that "bores deep into the subconscious, both with its incisive lyrics and loping melodies... Dutch Kills is constantly inventive... keeping its intense songs lively and interesting" (Aiding Abetting, Issue #231).
