It is a compilation of songs from over the years. Some live, some recorded. If you liked my first album, you'll like this as well. 9 MP3 Songs in this album (38:16) ! Related styles: FOLK: Folk Pop, POP: Piano People who are interested in Aimee Mann Joni Mitchell Sarah McLachlan should consider this download. Details: Ellen Lerner is a true Singer/Songwriter. Her beautiful voice with her amazing piano playing makes you stop in your tracks. Ellen has been writing songs since she was 5 years old, and she always knew this was what she was meant to do! Listeners are still so amazed how Lerner can get so many characters in her novel like lyrics. She has played and recorded with some amazing musicians, however, people still love to see her live, and they love to hear her solo. These songs feel like she is sitting right next to you and singing you a lullaby. Some songs tell the story of her life, some simply tell a story, but they are all meaningful and filled with passion. Growing up listening to Joni Mitchell, James Taylor, Carole King, Paul Simon, Billy Joel, and Elton John, Lerner captures what those great song writers at that time did as well.... they sang and wrote great songs without any fancy stuff. Just plain old good songs. That is what a true songwriter is, and that is Ellen Lerner.
