Mellow electronic based songs instrumentals 11 MP3 Songs FOLK: Folk Pop, POP: with Electronic
Production Details: Ian Bryan is a native of Ireland living and working in New York.His first album,"a few tunes, as they say..." is a collection of works spanning the past five years.The overall mood is one of "mellow electronic-based songs and instrumentals,peaking with a fairly full-on dance tune,and finishing up with a couple of songs that are closer to country or folk"!This journey between styles,however,is a smooth one,and the feeling one is left with by the end of the album is that it would'nt hurt to hit that 'play' button just one more time...again! So go on then. Enjoy.And if you want to hear alternative clips of these tracks, go to Ian's website by clicking on the link below.
