Singer Jeremy Gloff pays tribute to pop music of the 80s while maintaining a firm grip on the present with his new album '1987'. 13 MP3 Songs ELECTRONIC: Freestyle, ELECTRONIC: Electro Details: Spring 1987. A twelve year old boy is getting ready for his middle school dance. He taught himself all the dance moves to the Janet Jacksons Control singles. He keeps his fingers crossed. He really hopes the DJ plays Janet so he can show his classmates how good he can dance. Friday night arrives. One more look in the mirror. His parents drop him off and the dance begins. As each song fades and the next begins he wishes for Janet. Gimme A Beat! At ten p.m. his wish comes true. The DJs playing Nasty by Janet Jackson and his dancing begins. The music pounds and his classmates watch in awe. He feels like the pop star he wants to be when he grows up. Just like Janet! Just like Madonna! He feels like a hero. The following Monday afternoon back to school. So much whispering. Turns out the kids were watching as he danced but not in admiration. They called him mean names for the next six years. His life forever changed. That boy finished high school. He taught himself guitar. He graduated from college. He went on to release fourteen indie-acoustic albums. Never again would he allow himself the freedom and abandon of that middle school dance in 1987. Until now. This new album is a tribute to the music I loved growing up. And it's the music I still love. Viva 1987...Jeremy Gloff style. People who are interested in Madonna Depeche Mode Expos should consider this download.
