Strong melodies and catchy hooks, in the folk/rock and folk/jazz genres. 12 MP3 Songs POP: Folky Pop, FOLK: like Ani Details: Hailing from Indiana, Joan Hamilton is known as a "kick-ass" songwriter, and has gathered a large following in her hometown of Indianapolis, and where she grew up, in Muncie, In., or otherwise known as "Middletown" U.S.A. She has released four CD's, all comprised of original music that is hard to categorize. If asked, she says that she's folk/rock/jazz/, etc... rather crossing genres, but is, plain and simple, a songwriter regardless of genre. Hamilton has just released a new CD, titled "Flying On 390", and showcases a host of Indiana's best musicians, including Sandy Williams, Vess Ruhtenberg, Greg Tanner, Jeff George on lead guitars, Devon Ashley and Mike Kerrigan on drums, Ann McWilliams on vocal harmony, and many more! Grey Larsen, Grammy award-winning musician and producer, describes Hamilton..."An insightful songwriter...She sings with such a broad range of emotion and energy...Her persona on stage is full of charisma!"
