Meg's third record, *Rock Solid Romancin'*, is a collection of original songs that display her seasoned, strong vocals and emotive lyrics. A flavor of the hills with a touch of swing, calypso and rock-solid folk; this record is a gem from the north. 10 MP3 Songs POP: Folkly Pop, COUNTRY: Country Rock Details: ROCK SOLID ROMANCIN' 2005 Solid production and arrangements frame these well crafted tunes, and Meg's smooth delivery is served over a delicious musical bed provided by Vermont's finest session musicians. "Meg's 2005 release shows her completely maturing as a songwriter. The self-penned material moves confidently from the emotional depths of heartbreak and lament for a child at war to the joyful affirming love in the title track and "Feathers in My Pillow". It's all woven together with sweet folk-rock arrangements carried home by great musicians and, of course, Meg's voice." Stan Lyness, Musician, Songwriter. Producer Colin James McCaffrey takes Meg's music to a new level with his own musical skills; fiddle, guitars, and harp to name just a few. Together they draw on the talents of guest artists: Patti Casey, harmony and flute, Jim Pitman; steel guitar, Nancy MacDowell; harmony, and Roy Cutler on drums. Meg also joins with co-writers Stan Lyness, Ken Conrad, and Colin McCaffrey for this fine 10 song CD.
