Catchy, crunchy indie rock, punk and garage, better known as Tardcore 5 MP3 Songs ROCK: Punk, ROCK: Hard Rock Details: Pretty Flowers is the greatest indie-punk/trash-pop band in the universe. Made up of a gaggle of adorable misfits, these Tardcore darlings, hailing from the UK, Russia, New York and California, have made Brooklyn their home. Their clever, catchy songs mix stoopid-smart lyrics, sweet-as-honey harmonies, crunchy guitars, insane bass lines and more cowbell than you ever dreamed of. They've played at many of New York's top rock clubs, in CMJ, NXNE and in cities throughout North America, with bands such as the Ataris, the Everyothers, Shoplifting, Back in Spades and the Bamboo Kids. Their songs have been featured on WFMU, WZRU, UCLA Radio and on several podcasts and Internet radio stations. Catch them now before they get so big the only way to get close to them will be to join the groupie line.
