An intricately woven tapestry of unique sound textures, rich in melody and full of life. 12 MP3 Songs NEW AGE: New Age, ELECTRONIC: Soundscapes Details: Making Waves, the first release from Waveform, rewards listeners with a unique and intricately woven tapestry of sound textures, rich in melody, and full of life. The title track traces the life of a river from its source to the sea, and takes you on a musical voyage from the birth of a stream, to the hidden, mysterious depths of the ocean. Making Waves opens with "Ripples In The Dark", and so the journey begins. The listener is then transported "Downstream". Calming and relaxing melodies along with sounds of exotic birds float you gently down to the "Airboat To The Reef". In this track the tempo picks up, and you can almost feel the wind in your hair as you are whisked to your destination. Upon arrival at the reef, it's time to experience "Hidden Depths": an underwater encounter that is both mysterious and haunting. The discovery of "Water Butterflies" (inspired by a poem), with its delightful melody and light air leads us to the Journeys End. The poignant and thoughtful "Influence Of The Moon" ends the piece with the sounds of waves breaking on the shore. Six further tracks complete the CD. From the subtle and atmospheric Adrift, to the power and majesty of Stormbringer, each track is sure to delight fans of melodic instrumental music of the highest quality.
