

# Vampire Hunters

[DOWNLOAD HERE](#)

The city lies down to sleep while somewhere in the middle of an old dockyard a mans life fades away. The most skilled vampire hunter is dead. The night is damp and chilly as the investigation begins. The main character in this tale is an adventurer who has been living in the company of the undead for years. The story starts to unfold as a mysterious murder, apparently without a motive, takes place on one of the dockyards piers.
