Painting soft backdrops and relaxing atmospheres, this album brings you a gentle, grounded Christmas experience. A definite must for any new age fan. - CD Baby Suzanne Ciani is a composer, recording artist, and pioneer in the field of electronic music and sound design. She is best loved for her eleven albums of original music which feature her performances in a broad array of expressions: pure electronic, solo piano, piano with orchestra, and piano with jazz ensemble. Her music, renowned for its romantic, healing, and aesthetic qualities, has found a rapidly growing international audience, and her performances include numerous benefits for humanitarian causes. Currently Ciani resides in Northern California where, in 1995, she established her own record label, Seventh Wave. Ciani felt the need to own and control her own creative work. "In many ways, this label represents the culmination of the long journey of my evolution as a recording artist," says Ciani. In the eighties and early nineties, in order to finance her recording projects, Ciani brought her expertise to Madison Avenue. Her New York-based commercial production company, Ciani-Musica, Inc., was the leader in the field of sound design and TV spot scoring, creating award-winning music for a host of high profile Fortune 500 clients, including Coca-Cola, Merrill Lynch, AT&T, and General Electric. Additionally, Ciani has scored the Lily Tomlin feature 'The Incredible Shrinking Woman', and 'Mother Teresa', as well as scoring for the TV daytime

serial 'One Life to Live'. In the early nineties Ciani re-located to northern California to concentrate on her artistic career from her sea-side studio. She has toured throughout the United States, Italy, Spain, and Asia. Her many recognitions include five Grammy nominations for Best New Age Album, an Indie nomination for Best New Age Album, numerous Clios, a Golden Globe, and Keyboard Magazines "New Age Keyboardist of the Year." Ciani is a graduate of Wellesley College and holds a Masters in Music Composition from the University of California at Berkeley.
