Better Off Red is: Konni Horne - Vocals, keyboards Merv Szuba - Drums Dave Miller - Bass, backing vocals Wade Falk - Guitar Recording Engineer - Brent Truitt Assistant engineer - Kevin Macza Mixed by Brent Truitt Dave Miller Produced by - Brent Truitt Better Off Red Webmaster - Anne Manley The bed tracks for the CD were recorded all in one night in April 2004. We were hot that night. Brent and Kevin were in the booth and they kept the tape rolling. Since no-one told us to stop we kept playing. Coffee, cigarettes, sweat. It was one hell of a night. You shoulda been there. We're really proud of the CD. It's got a real retro feel to it but the songs speak to the here and now. It hasn't had the life sucked out of it by over zealous engineers. We hope you get as much pleasure listening to it as we had making it. Peace to all Better Off Red
