Celtic and Canadian folk inspired music. Celtic harp, mandolin and flute play haunting melodies, lively songs, along with Castalia's textured vocals, singing songs of pagan myth and magic. 14 MP3 Songs in this album (45:20) ! Related styles: FOLK: Modern Folk, WORLD: Celtic Details: Castalia has been a performing artist for three decades. in 1992 she turned all her talents toward creating music for the pagan spirit. This is her third CD, and some say it is her best. CD: In Plain Sight There are many things that we see every day that we may take for granted. For some of us, these things remind us of our pagan heritage. Our customs of eggs in Springtime, fires in Autumn, and trees at Yuletide are unchanged by time and distance from the origins of these customs. Our heritage exists in plain sight, but unnoticed except for those who have learned where to look. This album is dedicated to those who have taken their insights into the Old Ways, and brought forth words that allow those insights to be shared. Poetry captures feelings in ways that mere prose seldom can. Fine pagan poets have contributed lyrics to this album. Their words touch us and shed light on what was once hidden.
