Acoustic instrumental music that feels like warm sunshine. A soundtrack for meditation, yoga, message and relaxation. 7 MP3 Songs FOLK: Traditional Folk, NEW AGE: Meditation Details: 'The Light You Bring' was born out of my guitar playing at the end of yoga classes at One Yoga in Minneapolis. People enjoyed the music and asked me to make this CD for them to bring home. The songs are seven guitar instrumentals guaranteed to calm the frayed nerves of parents and mellow out any rambunctious child. All the money generated by sales (100) goes to the Sexual Violence Center. (sexualviolencecenter.org)

Peace to you, James
