dance music 15 MP3 Songs ELECTRONIC: Dance, ELECTRONIC: Techno Details: My name is Chris Brown. Yeah sure Im stupid. Half stupid all the time. But just give me a second to prove my self here.

Topic: Atlanta. My mom sung the vocals to that track okay!!! So dont laugh. Its the big room sound. Lots of reverb for that ever so special moment between mother and son. I love my mom. Im sure we all do.

Topic: Disposable Music. Instead of smoking all of your money why dont you like ummm just spend some money on something that will last a little while longer. I think you know what I mean. Topic: New

computer. I need a new computer so bad but the only thing I can do is drink enough coffee and cigarettes to kill a lab rat!!!! YEAH I KNOW I just hope I dont have a heart attack. But I digress. Topic: Older women.

Why is it that the older you get the more people dont or do respect you? I dont really look old but the thing is if I tried I just might be able to coax a older woman into smiling at me. Wink wink nudge nudge know

what I mean? Bet you never expected a monty python quote on this page. I am just rambling but the cd is for sale and if you know a little more about me then you just might click that little buy button a little bit

faster may be may be not oh well thanks for the laugh and Im sorry its so expensive but hey my 20 kids gotta have some new hair cuts ha. please note that saying your stupid puts people at a disadvantage and

i've been doing it for years. i'm just playing mind games... trust me!
