[DOWNLOAD HERE](#)

Folk/Rock with some Country and Blues. Lyric dominated, focusing on the darker side of life in Los Angeles (however, not without humor.). With plenty of acoustic guitars as well as drums, bass, keyboards, electric guitar, steel guitar, and mandolin. 10 MP3 Songs ROCK: Folk Rock, FOLK: Folk Blues Details: "Life as a tightrope act - that's the metaphor used for the day to day life in Los Angeles as observed by singer-songwriters Eric Caboor and David Kauffman. Musicality and lyric expressiveness are just two of the virtues of this edgy folk-rock duo whose approach is reminiscent of David Baerwald. They combine the melodicism of California rock with the acute observations of life in the real world." TAXIM "Caboor and Kauffman tell their stories with a great sense for detail and a subtle sense of humor ... powerful folk/ rock/country and blues, vaguely reminiscent of Canadian song-poet Bruce Cockburn."
