Thier debut album (self titled)is a mix of life expieriences and tribulations that the members of jskullcrane feel is important to discuss such as the songs "hey man, sorry about your carpet" and "uptown girl pukes on self, film at eleven". "We will let the smart people tackle the issues such as the inevitable oncoming anialtion of earth and mankind by the hands of pissed extra-terrestrials and the on going argument of c.d. vs. cassette tape" says Dan, the trios bass player. 5hp, the bands guitarist, likes to sing about vomit. "You can tell alot about somebody's character by the expression on thier face when they are throwing up" Incidentally, 5hp has in the past, given himself a shiner while puking. Not by hitting his head on the toilet, but by the actual force of the pressure that collected in his head."My left eye nearly popped right out of my fucking face" recalls 5hp. "I am not sure what that says about my character."
