"People often say I sound and play like John Denver, but my songs are about God, creator of the rocky mountains , Jesus, and the Holy Spirit." Ned began playing piano at age six and guitar mass at age 10. "My grandfather, Paul Tonner, was a big influence. He served as a music professor at St. Joseph's College, in my hometown in Rensselaer, Indiana. He also wrote and published over 100 church songs." "As You Are," a collection of 10 original songs, encourages believers to seek the Lord first in their lives. "Take Time," is a gentle reminder for each of us to surrender ourselves to the Lord to become the Christians we were meant to be. Ned Tonner is also an accomplished attorney. His wife, Shari, and four children know him as a dedicated family man. He enjoys singing, and says music has always been a part of his life.
