Earth-Based Pagan Spirit Music. 12 MP3 Songs WORLD: Celtic, NEW AGE: New Age Details: Spiral Rhythm is a group of friends that have been singing together for many years. We hail from Atlanta, GA, as well as Asheville, NC. We began singing at bonfires at gatherings and festivals, and slowly developed the sound you hear today. Spiral Rhythm has gone through many changes, but our goal has always been the same. That goal is to raise the spirits of ourselves and others through voice and song. The music that we perform is mostly original, with a few songs thrown in that we just can't resist. We like everything from quiet ballads to drumming rhythms that raise the roof. Our music reflects our interests, and as we hope you will hear, these vary widely. We work hard to form deep, complicated harmonies, as well as uplifting chanting. Spiral Rhythm has performed from NY to FL.
