Details: Tight Bio Tight has arrived on the scene straight out that Boot, with his debut solo album "Tight Regardless". "Tight Regardless" takes listeners on a real life exhibit of life in the dirty south, from a Lafayette, Louisiana perspective. The 27- year- old rap artist, Tight, showcases his musical talents by self producing his entire album. With varied tempos, Tight laces the tracks with his syrupy flow and ghetto reality rhymes. Tight is the first leg of a rap click, collectively known as "L.O." (Lyrical Outlaws) and believes that his solo project will open the door for the rest of his click. He says, "My album is creative and heartfelt, while offering a bird's eye view of life in my hood". Songs on the highly anticipated album include everything from tales of devilish dreams and life on the streets. He describes his shockingly unique sound as, "Real ghetto music that covers all musical spectrums". "When you listen to my album it makes you ask questions, like does this really happen in the ghettos". Tight states that his biggest influence is Scarface. I have followed his career from day one and I admire his steady rise to the top. Tight has been rapping for over eleven years and feels that he has paid his dues. He wants the world to listen and feel his pain, while grooving to the smooth tracks. Norris Cormier got the stage name Tight, from a hood O.G. named Bear. It describes his rhyme skills in one simple word! Cormier eagerly urges everyone to give his album a try, but offers one bit of advice: "Listen with an open-mind and do not allow your geographical hang ups to cloud your judgment".
