

Pathological (pc Game)

[DOWNLOAD HERE](#)

PATHOLOGICAL (PC GAME) Pathological is an enriched clone of the game "Logical" by Rainbow Arts. To solve a level, fill each wheel with four marbles of matching color. Various board elements such as teleporters, switches, filters, etc., make the game interesting and challenging. New levels can be created using any text editor. System Requirements: Windows 98, 2000, ME, NT, XP, Vista & 7
