Turning an idea for a book in your head into a successful digital publication requires co-ordinating a whole lot of different steps to create that one hit. Tens of thousands of digital books are published every month, but only a fraction of them will sell more than a thousand copies. How do you make sure your book is one of the few that succeeds? How do you hit the top charts? How do you sell and sell and sell your books, even if you don't have a brand or a reputation to rely on now?
