

Innovation In Product Design

[DOWNLOAD HERE](#)

1. The Evolution of Digital Tools for Product Design.- 2. From Computer-Aided (Detailed) Design to Automatic Topology and Shape Generation .- 3. Methods and Tools for Knowledge Sharing in Product Development.- 4. Evolution in Mechanical Design Automation and Engineering Knowledge Management.- 5. Styling Features for Industrial Design.- 6. The Evolving Role of Computer-Aided Engineering: A Case Study in the Aeronautical Structural Design.- 7. Product Virtualization: An Effective Method for the Evaluation of Concept Design of New Products.- 8. Digital Human Models Within Product Development Process.- 9. CAD and the Rapid Construction of Physical Objects. EAN/ISBN : 9780857297754
Publisher(s): Springer, Berlin, Springer, London Discussed keywords: Produktdesign Format: ePub/PDF
Author(s): Bordegoni, Monica - Rizzi, Caterina
