An offering of sexy, sweet, croonin', whiskey soaked country/ rockabilly. 10 MP3 Songs ROCK: Rockabilly, COUNTRY: Traditional Country Details: Based in Vancouver, Canada eldorado is a 5 piece band complete with female vox and a pedal steel guitar. Mixing good ol' fashioned country (think Patsy Cline dining with Johnny Cash) with Rockabilly (Definately Wanda Jackson having it out with the good ol' boys) and Nancy Sinatra singing with Blue Rodeo. The sound is unique and the songs original in today's alt-country world. Sad, sweet and sinister one minute, challenging and sassy the next. Keepin' it real, hell ya. "Eldorado work a more traditional, rockabilly/ old school country with sweet but gritty girl vocals..." Cowboy Texass The Nerve Magazine November, 2004 "Sexy, female fronted combo that combines country, Wanda Jackson-esque rockabilly and good old fashioned garage rock." Ranchfest July 3-6, 2003 "It's vixen lead garage-country-rock, think Detroit Cobra's meets Nancy Sinatra. Also, it's the name of the hottest night spot on Kingsway. F**k, I do love that girl. Err, bar. I meant bar." John Cow Terminal City July 4-10, 2003
