sounds like Billy Joel, Peter Gabriel, Bruce Springsteen, Dave Matthews, and The Beatles 7 MP3 Songs  
POP: Piano, ROCK: Roots Rock Details: Its here! After THREE YEARS...Ethan Stone's debut CD...finally  
available... The reviews so far: "Ethan Stone and his band are restoring my faith in rock and roll" critic  
Craig S. Semon Stone has taken the best of blues, rock, and folk artists souls, and merged them with his  
own. He writes from the soles of his feet, and his age has honed his passion. Whether singing of  
heartbreak or joy, he brings fervor to the keyboard, and wrings furor and adoration from his throat.  
Doneen Durling, Winchendon Courier, Winchendon, MA "This guy is the man!" members of the band  
Soulive "Ethan Stone is better than Dave Matthews...and Phish...and Avril Lavigne..." New York DVD  
founder Brian Brodeur "Congratulations. It's a pleasure, really." David Bowie, when meeting Ethan Stone  
for the first time "The charismatic leader. The inspiration." Boston Music Awards Producer of the Year,  
David Minehan "Ethan is such a great songwriter" Producer/engineer Jamie Foulds, ECMA winning  
engineer 2000, 2001, 2003, 2004, 2005, 2006 How one person can contain so much talent and not  
EXPLODE defies explanation?! His drive to do it right makes listening fun, and an adventure. His live  
performances are mesmerizing, and youll come away glad you went in the first place! Ethan is also the  
driving force behind the best family-friendly entertainment events in the 9-town area the best events of  
their kind that I can remember over the past 10 years! Jay Deane, President, WJDF 97.3FM Just when I  
was getting ready to stop listening to rock demos, Ethans appeared...WOW, Im hooked !!! Producer,  
Co-founder of Moxie Music USA / Overtom Music, Thomas OKeefe Ethan Stone approaches music from  
a whole different direction than most musicians. He neatly fits into every possible category without trying  
to fit into any. The guy has a knack for writing stand out songs and Too Late is a good example of this.  
Paul Zimmerman, First Coast News, Jacksonville, FL Too Late is a wonderful funky, bluesy and wry tune,

bringing to mind the clever artistry of Randy Newman, with a similar plaintive and charismatic vocal delivery. Everything works here the unmistakably funky groove of the Hammond, the laid back jazzy tempo, the trumpet fills, the honest lyrics.
