I have remarked before of how professional your music is, even on my Soundclick player, but your CD is truly remarkable. I would really recommend "Liquid Love" to anyone who appreciates serious Soundscape music. It has to be the best deal around. In much appreciation, John. jock dynamite posted on Mon August 21, 2006 Kulkulkan - Brilliant stuff! Pete Ascenzion posted on Sat August 19, 2006 Awesome composition. Quality production. Only i'm still here in the web caught up in the mix Ascenzion posted on Fri June 30, 2006 Galen, Obviously, you done a great job of producing quality guitar sounds in Reason. This is tribute to your mixing and production skills.

Ascenzion posted on Tue May 23, 2006 I had the time listened to a few more of your songs yesterday. I really like the feel of Kulkulkan. The melodies are blended very well to create a great body of musical soundscape and interplay. I love stuff like this. To me this is what New Age music is all about. Let me know when you post again. Cheers. Ascenzion
