

Mp3 Jeff Greinke - Ride

[DOWNLOAD HERE](#)

Rhythmically driven sound sculptures simultaneously haunting and funky. 9 MP3 Songs ELECTRONIC: Ambient, ELECTRONIC: Down Tempo Details: Jeff Greinke is a musician, composer, performer, sound sculptor, and visual artist who is known worldwide for his unique sound. Through a highly developed process of layering, Jeff composes and performs music rich in texture, depth, mood, and subtle detail. Using various acoustic and electronic instruments, found sounds, and extended studio techniques, Jeff sculpts sound worlds that conjure a strong sense of place, hovering somewhere between the exotic and the familiar. Jeff Greinke began composing and performing music in 1980 while studying meteorology at Pennsylvania State University. Jeff moved to Seattle in 1982 where he began recording his music. He has since released over twenty albums on various U.S. and European labels. His latest is titled Weather From Another Planet, released in June 2003 on FWD. He has composed music for film, video, dance, theatre, radio, and art installations. Jeff has toured extensively throughout the United States and Europe and has performed in China, Canada, and Mexico. He has also been a member of numerous ensembles and is founder of the group LAND. Since 1997 Jeff has been performing and recording with vocalist Anisa Romero. Their project is called Hana.
