That which has its source from the heavens is not limited. That which has its source from the earth is limited. The 156th key is dedicated to (Paradise). Paradise is relative. One man's heaven is another man's hell. The 44th key is dedicated to the archangel (Gabriel). I refer to this angel as the sponsor of worlds, civilization, books, and music. History has shown us that whenever he shows up, it is followed by a world wide major event, as noted by the bible. The 12th key is dedicated to my son (Solomon Nunoo). I made this track for him for his birthday this year. You may assign the tracks to whoever and whatever you choose. Enjoy the album Note: This album can be downloaded at:
