I wrote this song after I had a dream in which I saw my true love and son before I met her and when I actually met her she looked like the Girl in my dream and our son which I saw in the dream also looked like the boy that was born to us. 1 MP3 Songs EASY LISTENING: Love Songs, POP: Delicate Details: I am a graduate of the Manhattan School of Music in New York City and have come from a musical family. My brothers also went to Juillard and Manhattan School of Music. My mother wanted us to be a musical family group and since my father was in the United States Air Force we traveled all over the world playing in Japan, Hawaii, Turkey, Virginia and New York City. We learned 17 instruments and studied styles from clasical to Jazz, pop, rock and broadway. My main instruments are flute, voice, guitar and I compose also. I have also sung in the opera in Orlando. I am a world class Flute player on styles from classical, blues, Jazz, Latin and most varied styles as well. I love to sing and am a tenor blessed with a beautiful voice able to sing with a wide range of octives and styles. I have a beautiful wife and love writing romantic songs for her(Dilcia). I play and sing here in Orlando, Florida and have performed at Disney, Universal, Sea World, Rollins College and many hotels as well as convention centers and private parties. This particular song called "Dreams Come True" was written about a dream I had in which I saw my wife before I ever even met her and also my son Byron was with her. So when we met and dated for two years and were married after a few years I decided to write this song about the dream I never forgot and which did really come true. I believe it was Gods way of showing me that my true love would come into my life one day and my son also. After we were married when my wife was pregnant to our son she became very ill with cancer during her pregnancy and I almost lost both my wife and son. It took 7 years for her recovery, but my son Byron was born healty and is a father himself now in the Air Force with his wife(also in the Air Force)with a daughter our granddaughter named Giselle. I am a very accomplished musician

and singer and am presently playing and singing with musicians and composers from Romania, Russia, India and Brazil. I love most beautiful styles of music. My next CD will show case my flute playing, but if you wish to hear a sample than please go to my web site LowellLawson.com My mother is from Turkey and my Father is from Virginia, they met and fell in love in Turkey when my father was stationed there in the Air Force. I hope you enjoy my music and there will be more to come. Thanks Lowell K. Lawson
