The style of the CD has mostly trance, but also has rock and some pop. Also some world elements and gothic elements. It also has ambient and sound fx. It also has unique lyrics as well unlike stuff on the mainstream. :) 16 MP3 Songs ELECTRONIC: Trance, ELECTRONIC: Down Tempo Show all album songs: Triumph Songs Details: My style of trance is different from most trance artists. I like to be different from other artists. I write both secular and Christian music, basically I've been influenced by a lot in all my life from TV shows, movies, and video games all the way to the music. Reggid is pronounced Reggid, not Rejjid because it is a backwards spelling of the word digger. I like to dig for new ideas for electronica I don't like to write about normal mainstream stuff about sex and all of that, I like to write unique stories. I like to combine other styles to my trance style like rock, pop, hip-hop, new age, world, and ambient. I was born as David Rice in 1987. I began making music in May 2004 and promoted in July 2004 starting with ACID and MTV Music Generator. . In 2005, I got Fruity loops and I was featured on ACIDplanet Electronica podcast with the song "Runaway". In 2006, I was featured on podcast again with the song Sunrise Drive. I also created a side project called Eternal Spirit which could possibly become a band in the near future.
