It's like downtempo retro elevator synth-hop. 12 MP3 Songs ELECTRONIC: Pop Crossover, POP: 80's
Pop Details: Roger Houston is a solo electronic artist from Rochester, NY. He plays elevator synthpop, bordering on scifi, hiphop, and new-age nonsense. Aside from sounding oh-so-skilled and smart, Roger aims to produce a truly enjoyable music experience. I Know You Know is his third CD since 2003, exploring fun new spaces with the Roland XP-50 and singing about modern city life. Enjoy.
