heavy industrial with some guitars, and dance floor EBM mixed in for an abrasive, yet melodic sound. 12 MP3 Songs ELECTRONIC: Industrial, ELECTRONIC: Dance Details: Hailing from Sweden, this elektro-industrial project hits you hard with a vengeance and infectious choruses, and phat synthlines, with some accented guitars in the mix. The debut cd "symbol of submission" was released in the end of 2001, and really impacted in 2002. RLZ won "best newcomer" in the Swedish Music Awards as well. A timeless sounding album, this compares to the giants of the genre. The new album is being worked on now, and should be released on DSBP by the end of 2003!
