[DOWNLOAD HERE](#)

Western, contemporary, folk with rich vocals in a sweet acoustic bed of Mandola and Guitars and fretless bass. Sweet and lonesome. 10 MP3 Songs FOLK: Modern Folk, COUNTRY: Alt-Country Details: I am so pleased to have " Into the Midnight Waltz" available with Cd Baby. This collection is the result of night shift work and lonesome ponderings. With this album I have been able to honor my grandparents with doing a few of their favorite songs, Waiting For A Train, and His Eye Is On The Sparrow. The rest of the songs are songs that have come to me mostly in the night when the muse is most friendly. There is also a Tom Waits song I do that joins this mix. The songs are about brothers, children, parents, grandparents, lovers. strangers, and the sun and the moon and the stars and oh, yes cars.....It is sweet and sad in three quarter time.....Recorded mostly live with a few tracks added. More to come on the Bio, untill then try my website geocities.com/mandola_muse Thanks, Love Susan Welch People who are interested in should consider this download.
