

Nazi Millionaires - Kenneth Alford

During the final days of World War II, German SS officers crammed trains, cars, and trucks full of gold, currency, and jewels, and headed for the mountains of Austria. Fearful of arrest and determined to keep the stolen loot out of Allied hands, they concealed their treasures and fled. Most of these men were eventually apprehended, but many managed to evade capture. The intensive postwar Allied investigation that followed recovered only a sliver of this mountain of gold. What happened to the rest of it, and what fate befell these men? Authors Alford and Savas answer these questions and many more in this fast-paced and well-written new book. Their groundbreaking study is based upon thousands of pages of previously unpublished and recently declassified documents. The result is a fresh and absolutely original reading experience that offers insights into the minds and methods of these SS thieves, the Reich Security Main Office (RSHA) within which they labored, how they achieved their positions of near-absolute power, the complex Allied investigation into their activities, and what happened to the vast sums of wealth they looted from Europe's Jews. Nazi Millionaires deftly captures the high drama surrounding these men and women and the secrets they carried with them during the closing days of World War II--and in some cases, to the grave. It is a remarkable tale of greed, lust, fraud, deceit, treachery, and murder. And it is one you will long remember. About the Authors: Kenneth D.
