He has been featured in acts directed by Gerry Geddes, Helen Baldassare, Nancy Lamott, Bruce Hopkins Helene Kelly. Originally from Duluth, MN, Jeff is an alum of both Hamline University, St. Paul, MN and Simpson College, Indianola IA. His musical theater education and performance experience includes a wide variety of musical styles, from classical to musical theater. It was through the influence of his depression era grandfather, Donald Mac McBride, a noted tenor of the early Oxford Entertainers from Pittsburgh, PA KDKA radio, that Jeff became routed in a unique personal style which has delighted club and cabaret goers for a number of years. Jeffs debut CD, WITHIN THE HEART OF ME is dedicated to his late friends, Nancy Lamott and Bruce Hopkins -- artists ahead of their time and taken too soon -- and each an important influence on him. The CD is a combined effort by well-known NYC Musical Director Paul Greenwood (who contributes both piano and backup vocals); Associate Producer, writer and director Gerry Geddes and the musical artistry of bassist Michael Blanco, drummer Sean McDaniel (Spamalot) and guitarist Ric Molina (Wicked).
