A blend of inspirational, hard hitting funk-fused hooks and soul-drenched pop and r&b. 12 MP3 Songs

ROCK: Funk Rock, URBAN/R&B: Soul Details: This "soul-rock-funk-r&b" sensation has turned more than a few heads lately with the release of their self-titled debut- DISHWATER BLONDE. Opening for the likes of Victor Wooten, Karl Denson's Tiny Universe and still smokin' from 3 hot performances at BONNAROO 2005, the band has begun to garner an increasingly large fan base. Molded in the tradition of the entertainer/ musician combo (James Brown, Prince) DWB has developed quite a reputation for their energetically charged LIVE SHOWS. Each performers' energy is both infectious and contagious and fans are instantaneously converted from spectator to band member. "It's a Family Affair!" Socially spiritually conscious lyrics, fiery electric guitar work, chest thumping pocket grooves, smooth gospel-esque keyboards, ear-tingling horn hits, and soulful harmonies affirm that Dishwater Blonde is poised and equipped to carry the torch of Funk, Soul and R&B music!
