Details: Grace over Pressure is proclaiming the good news of Christ with vibrant modern music. Their first CD, Grace over Pressure, builds a foundation on solid rock. It is lyrically based on key scripture passages that emphasize the power of the saving grace of a loving God through faith alone in Jesus which sets us free to serve one another in love. Acoustic guitars, electric power chords and soaring vocal harmonies make the Word come alive. Give it a listen. Make these songs your own; take them with you as a meditation for your day. Pass them on to someone you love. The band began as a ministry of Lutheran Church of the Resurrection in the hill country town of Wimberley, Texas. The members have diverse metal, jazz, and folk backgrounds, but a common vision of creating music that delivers a clear, thoughtful message. This led to original, well crafted songs that are upbeat and bright, yet edgy. Those who are familiar with the scriptures may find renewed meaning through these songs. Those who are not familiar may be drawn by the music to seek the source. Grace over Pressure has performed at a number of Lutheran youth gatherings during the past year. Live performances include original material, worship songs, and covers of popular CCM bands. In the coming year the band would like to continue its youth ministry and continue writing new songs and refining their signature sound. But above all, their prayer is to be guided by the Spirit to inspire more people to worship and share the love of Christ with enthusiasm.
