was all you, when they said hey I think she really likes him. Shes just obsessed with you cuz your

obsessed with me too. Yes I fought 50 of them, Yes I fought all those cockblockers, women. Oh you

thought it was all you, oh thats why I like you. Oh you think youre the king, oh you thought you could have

this queen. Shes just obsessed with you cuz your obsessed with me too. HO! You think I dont know HO! Fuck those cockblockers! Fuck those cockblockers! Fuck those cockblockers. You thought it was you! Shes just obsessed with you cuz your obsessed with me too. The missing link Yo ok this is how I see it. You got to believe you got to believe it to see it. Mind over matter they say, they dont mind and I dont matter. But they dont know they dont know the missing link. I used to be a nervous wreck when ever you walked into the room. Oh the hairs stood up at the back of my neck. I cant believe what I saw last night. Two in one body burning and burning the light. But still they dont know the missing link. They want sex just purify and to amplify but they drain their light and they go postal. Then they know what its like to be disposable they dont have the missing link. Then they get drained all those beautiful men taming the sophisticated savage then their walking around with brain damage cuz they didnt have the knowledge. Fight They poisoned you against me. So much gossip in the air, but I dont care I dont care about it. I just want to say I wish we wouldnt fight. I dont want to fight anymore. Now you got to make up your own mind. If your going to believe the wicked the wicked things they say. When are you going to make up your own mind. Cuz I dont want to fight, I dont want to fight I dont want fight about it. I dont want to fight anymore, I dont want fight for my right without it, I just you to give common give it to me, without it, we live in misery and so by skirting around the issue trying just to breathe makes me want to say fuck it! I dont want it! Cuz I dont want to fight! I dont want to fight about it. I dont want to fight anymore. NO! You keep creeping into my mind, everything is telling me not to give in, when I dont you punish me, so I call you to show you, I dont want to fight, I dont want to fight, I dont want to fight so throw me the line and dont! I dont want to fight anymore, I dont want to fight for my right for love BooHoo I didnt get what I wanted from the universe, I tried and I tried but she still said no! Boo hoo boo hoo. Why! why! why! Cant I get my way, I said, she said No no no you wont understand if I said it. I cant have my way oh why cant my way! Boo hoo boo hoo..Dont cry anymore than you have too, youre a whore and thats ok, dont you know that a man can tear your little heart apart, you mustnt let it happen to you baby! And thats why we said NO! Boo hoo boo hoo. Mindfuck What does it take to be a hypocrite, where do we go, when you fucked so many over. Over, Why did I do that, why did she care, when will he come inside, when will he come! Over! Oh oh over! I am clairvoyant but I am making it up. So which one happened when I visualized that slut! Im making it up as I go, Im responsible! I set it up, I made it happen! Or did I foresee was it me who saw! Over. It was going to happen! Co creation, it was co creation, you made it happen and I foresaw it. It was

happening at the same time. And thats the mindfuck co-creation. Kick it Oh who can count on. When everyone wants ridicule. Come and kick it. Come and kick with me. I am the ball, kicking it from here to hear yall, nobody knows Im the punching ball the punching ball. Come and kick it with me! Im no victim to this disease, Im just living in a world with so much misery! And they see somebody who doesnt have no bruise, no bruises. They got to see if they can destroy me. Oh what will they say when they find out the messiah is a girl. Come and kick it. The punching ball the punching ball! Cut my heart out Hope is chest of razors in a pool of alcohol, death is 72 virgins with only one call. In my pyramid I bleed for the things you did, hear my voice as it pierces through the little kids. Cut my heart out. See your fingers pulling at butterfly wings, kicking and killing all the beautiful things, all these ancient connections are dead at the head, would you feed me your communion she said. Cut my heart out! On a sacrificial alter of your bed, your fingers tapping and rapping at the skin of my chest, you crack the plate with your greedy glove and grip the the heart with you iron love. Cut my heart out! Parallel reality I dont believe what I saw, I saw you at the corner, 30 seconds longer I saw you at the store, could it be parallel realitys heal heal, no body knows what Im going through, cuz I prove it, I cant prove it to you, Parallel realitys! I know if I told you, you wouldnt believe youd say its insanity, youd say I dont want to talk, you would say your such a slut! Shut up! I dont believe in parallel realities but if you only knew. I just saw you. Parallel reality. Phycout Its a phycout to tell that I love you, when you tell me you love me too, I said whats it all about. Phycout. First my hair was red, then you said you wanted a trophy blond, the next day my hair had blond highlights you said is this a reality check or is this what you asked for. Next day my hair went black, a week later it went alburn brown, just so you would notice, then I figured it out. Im a red head Im never going back. Phycout. Phycout. Phycout. Trouble too I saw you want what I had. Then you lied too get through. Now your trapped inside your cacoon. I dont feel sorry for you, you dug your own grave. All the while I was watching you handing you the rope to hang yourself with. You think Im in trouble oh your in trouble too. Are you in trouble? Baby Im in trouble too. Dig dig dig deeper than you ever have before. Oh what will we do for self-preservation. Honey we are all whores. Oh how many times! Dont do your mistakes. But I know if I asked you it would fall on deaf ears. You think Im in trouble baby your in trouble too.
