With a fresh unique spin on the Southern California rock sound, Radio Racers much awaited debut album Away From California is sure to pack a punch 10 MP3 Songs POP: California Pop, ROCK: Emo Details: When you think of your average high school kid, you might think they would be focusing on things like football games and finding a date to the prom, quite the opposite for this group of motivated musicians. They spend their time writing material, playing shows, and promoting themselves on-line and in the streets. Along with producing and releasing their debut CD, setting up distribution, investing in advertising all other functions that would typical be performed by a record label. All in all Radio Racer is determined to do what ever it takes to be successful now and far into the future.
