Her music is of spellbinding, acoustic tones and weaves intricately with her soul tingling voice, wrapped in the lament of a guitar or a piano. 7 MP3 Songs FOLK: like Joni, POP: Quirky Details: With her rich, sustained voice, skilled musicianship and gorgeous, occasionally dark, tunes, Ragz has gained many fans and favourable comparisons to Joni Mitchell and Bat For Lashes amongst others. Originally hailing from a tiny, forest-surrounded town in the south east of Norway, Ragz moved to Liverpool to study music at university, but quickly realized that she'd rather be out gigging than inside reciting. She has since cemented herself into the musical folklore of her new home and developed her craft on stages across the UK , including Liverpool Academy, Manchester Academy and the Borderline in London , supporting the likes of Vijay Kishore, David Ford, Marissa Nadler and Ian McNabb. 'Little Stings' was recorded in Liverpool's famous Parr Street Studios, used by everyone from The Coral to Coldplay, and features 7 of her best songs so far, including live favourites 'Breathe' and 'Mosquito Man'. It would seem the time has come for her career to set a new course upon the release of these songs to love to, cry to and most importantly - live to. People who are interested in should consider this download.
